# TRUCK BED CUSHION\*

\*ALSO CALLED BODY CUSHION, ISOLATOR STRIP, STRINGER, & SUB-FRAME CUSHION

Over 40 years of rubber manufacturing experience!

TYPE F		TYPE F STOCK SIZES				
		A	B	C	D	LENGTH
		1/2"	3"	10GA HRS	3"	120"
		3/4"	3"	10GA HRS	3"	120"
TYPE O		TYPE O STOCK SIZES				
		A	B	C	D	LENGTH
		1/2"	2-3/4"	10GA HRS	3"	120"
						

Molded rubber pad designed to absorb shock and vibration when used to isolate the vehicle bed or body from the frame.

High quality elastomer vulcanized to a metal backing plate which is tack welded to the frame or sub-frame at intervals along the edge.

Rubber & steel are much more durable than wood

*Also available on special order -*

- widths from 2" to 14"
- HRS backing plates, 16ga & up
- backing plates in stainless steel or aluminum, 16ga & up
- lengths from 12" to 120"
- rubber thicknesses from 1/8" to 4"
- special duty elastomers including neoprene & nitrile
